OUTDOOR VENDING SYSTEM

OUTDOOR
& INDOOR
SOLUTIONS

Suitable for different vending machines!

We have worked hard to develop outdoor vending enclosure that meets both aesthetic and technical requirements. Our housings are suitable for different, the most common on the market, vending machines, e.g. Jofemar, Evend, Vendo, Necta.

We wanted to give you a possibility for easy development. That's why our vending enclosures have a modular construction. You can add extra segments whenever you need. The appearance of the housings is also customizable. You can choose the colour of the powder coating, printed films and advertisement on the Led panels.

For vending machines up to (DxWxH)
1000x1460x1960mm

SOLUTIONS

This elegant enclosure is the most popular choice. Through a timeless approach to design it fits perfectly into various interiors. This type of housing for vending machine has endless expansion possibilities – you can add extra segments indefinitely and enrich it with new functionalities (microwaves, bins, communication panels ect.).

03 DOUBLE-SIDED ISLAND

This housing is a reply for a need of having vending machines placed on large corridors and public spaces, working on both sides.

The enclosure functions as a shop island and provides a large space for communication.

04 ADJUSTABLE & WITH RICH COMMUNICATION

OUTDOOR
& INDOOR
SOLUTIONS

Working on this housing for vending machines we needed to rethink the functionality of our product and create enclosure that tackles vending sales in a new way. We developed a prestige housing with original design and large space for communication. We wanted it to fit a variety of vending machines, so we make it adjustable. The solution is vibrant and eye-catching.

05 TRADITIONAL APPROACH

OUTDOOR
& INDOOR
SOLUTIONS

This is where housing for vending machines come from. Traditional approach of making enclosures of chipboard enables us creating unconventional project.

Provide your clients coffee corners with a personalised corporate look to give your vending machines prestige appearance.

FURNITURE & ACCESSORIES

As consumer requirements are increasing, the quality of service must be at the highest level. Following this trend, we decided to make vending clients feel more comfortable and create vending spaces with a consumer-friendly vibe. We designed sets of tables and chairs that make consumption more pleasant and comfortable.
